

THE EASY & AFFORDABLE WAY to Manage Your Special Event Fundraising!

DoJiggy Events Pro is a complete online event registration and management system for nonprofit fundraising events. Clients use our Events Pro software to run events such as: dinners, galas, breakfasts, conferences and meetings, poker tournaments and other types of special and fundraising events.

As with all of DoJiggy's products, your organization's webpage is easy to create and fully customizable. DoJiggy Events Pro includes:

- Online registration and ticket sales
- Sponsorship and product sales
- Group management & table pairing
- Detailed financial reporting

The secure administration area is your key to managing the entire event life cycle all in one fully integrated web application. Your participant database is securely stored and can easily be exported to another application.

DoJiggy Events Pro integrates with the industry's top payment processors, so you manage the intake of your money. We also offer affordable payment processing solutions for your event.
