

THE EASY & AFFORDABLE WAY to Manage Your Fundraising Golf Tournaments!

DoJiggy Golf Pro is a complete online registration and management system for fundraising golf tournaments. Since 2003, DoJiggy has successfully hosted more than 3,000 golf tournaments in the US and Canada.

Your organization's mobile-friendly website is easy to create and highly customizable. DoJiggy Golf Pro includes:

- online registration for golfers and foursomes,
- team pairing & starting hole assignments,
- sponsorship & product sales
- detailed order and financial reporting
- and much more!

The administration area provides a complete player database, storing registration information (name, address, phone numbers, payment details, email, etc.), as well as email broadcast and email template capability, allowing tournament directors to easily communicate with registered players or sponsors.

DoJiggy Golf Pro easily integrates with DoJiggy Payments or your payment processor of choice, so your organization is in charge of your own payment processing and banking relationships and we do not charge payment processing or player convenience fees.
